

September 15, 2018

To: Mike Eames, Ron Craft and your entire crew  
**Rocky Mountain Raceways**

From: The New family and our staff  
**Firebird Raceway**

It's been quite a run over the past five decades. Rocky Mtn. Raceway - RMR, has helped take the lead in so many aspects of the greater Intermountain Region racing scene. We have been grateful as your neighbor's to the north to establish such a positive and lasting relationship with your entire team, which certainly includes your racers, your fans, your crew and countless others.

It's hard to put into words, but we have been proud and respectful of our alliance between both our two motorsport's facilities. We can't thank you enough for all the things you've done for us, and there have been many, going literally back to the beginning.

Considering both RMR, originally recognized as Bonneville Raceways, and Firebird opened the same year - 1968, it has been a remarkable run of good times, amazing experiences and a connection between our two markets that has persevered through the "best", "worst" and even the "ordinary" times.

On behalf of all of us in the New Crew and all your friends up here in western Idaho and beyond, we want to wish everyone the very best on into the future.

Warmest regards,

*New Crew*
